To the citizens of Marshall County:

In order that we can better accommodate the citizens of Marshall County during the closure of the courthouse, we have devised a plan to better assist our citizens with new vehicle registrations and tag renewals. Detailed below is how we are able to accommodate most new registrations. We are also including our process for online and mail renewals.

New purchase registrations:

- The vehicle has to have been purchased from a dealership in Alabama
- You are able to fax or email the title application, bill of sale, your driver’s license/identification card and insurance on the newly acquired vehicle. Please include contact information.
- Payment by credit/debit card only – by phone. Please understand there is an additional 2.5% card processing fee that can’t be waived.
- Once processed, your new tag/registration will be mailed to you via USPS. A copy can be emailed/faxed to you upon request.

If you have the original title in your possession, you will not be able to register your vehicle until the courthouse re-opens on May 4, 2020.

Please call 256-571-7764, option 1, to speak with a clerk who will help you with the process if you meet the criteria listed above. Thank you for your patience during this trying time.
